MP099 'Incorporation of multiple Issue Resolution Proposals into the SEC – Batch 4'

Conclusions Report – version 0.1

About this document

This document summarises the responses received to the Modification Report Consultation.

Summary of conclusions

Modification Report Consultation

SECAS received one response to the Modification Report Consultation. The respondent believed the modification should be approved. They considered the modification did better facilitate SEC Objective (a)[1] as it will ensure the efficient provision, installation, and operation, as well as interoperability, of Smart Metering Systems at Energy Consumers' premises within Great Britain.

[1] To facilitate the efficient provision, installation, operation, and interoperability of smart metering systems at energy consumers' premises within Great Britain

Modification Report Consultation responses

Summary of responses

One response was received to the Modification Report Consultation. The Network Party who responded agreed MP099 better facilitated SEC objective (a) as it will provide efficient provision, installation, and operation, as well as interoperability, of Smart Metering Systems at Energy Consumers' premises within Great Britain.
