End of Regulatory Year Report 2020 - 2021

1. Purpose

SEC Section C2.3(h) requires the Panel to publish a report at the end of each Regulatory Year on the operation of the SEC and the activities undertaken by the Panel for that period. The Panel is also required, as part of the report, to set out its evaluation of whether the Smart Energy Code (SEC) continues to meet the SEC Objectives.

This paper provides a draft of the End of Regulatory Year Report for the 2020-21 period in a confidential appendix to allow Panel review prior to wider circulation to Parties.

2. Next Steps

SEC C2.3(h) requires the report to be published within 30 Working Days of the end of the Regulatory Year. Subject to Panel approval, the report will be published on the SEC Website prior to the deadline of 12 May 2021 and Parties will be notified by email.

3. Recommendations

The Panel is requested to **AGREE** the End of Regulatory Year Report for the period 2020-21, subject to any revisions discussed at the Panel meeting.
