MP214 ‘Clarification of Acceptable DCC User IDs for Import and Export Suppliers’

Modification Report Consultation responses

About this document

This document contains the collated responses received to the MP214 Modification Report Consultation.

Summary of responses

Question 1: Do you believe that MP214 should be approved or rejected?

Question 1			
Respondent	Category	Response	Rationale
British Gas	Large Supplier	Approve	We agree it would support General SEC Objective B. It is a minimal cost change but makes sense for new DCC Users to have this option.
EDF	Large Supplier	Approve	We believe that this change supports SEC objective b as highlighted in the modification document
E.ON Next	Large Supplier	Approve	Modification will better facilitate General SEC Objective (b)
National Grid Electricity Distribution	Networks Party	Approve	
OVO Energy	Large Supplier	Approve	
Utilita Energy Ltd	Large Supplier	Approve	We believe this will streamline the process of requesting user IDs and becoming a DCC User. We believe this streamlining would positively impact Objective (b)

Question 2: Please provide any further comments you may have.
