MP295 ‘Amendment to SMETS1 Cache Solution’

Modification Report Consultation responses

About this document

This document contains the full non-confidential collated responses received to the MP295 Modification Report Consultation.

Summary of responses

Question 1: Do you believe that MP295 should be approved or rejected?

Question 1				
Respondent	Category	Response	General SEC Objective(s)	Rationale
National Grid Electricity Distribution	Network Party	Approve	(b ¹), (c ²)	
Octopus Energy Ltd	Large Supplier	Approve	(a ³), (c)	The benefits outlined are in line with the SEC objectives and the costs presented to implement this proposal are negligible hence we believe this change represents improvement to the operation of smart meters in the UK and should be approved.

¹ To enable the DCC to comply at all times with the General Objectives of the DCC (as defined in the DCC Licence), and to efficiently discharge the other obligations imposed upon it by the DCC Licence

² To facilitate Energy Consumers' management of their use of electricity and gas through the provision to them of appropriate information by means of Smart Metering Systems

³ To facilitate the efficient provision, installation, and operation, as well as interoperability, of Smart Metering Systems at Energy Consumers' premises within Great Britain

Question 2: Please provide any further comments you may have.

Question 2		
Respondent	Category	Comments
National Grid Electricity Distribution	Network Party	N/A
Octopus Energy Ltd	Large Supplier	N/A
