Gemserv, 8 Fenchurch Place, London, EC3M 4AJ

SECCB_33_2108 – Meeting Headlines

Decision Papers

1. SECMP0062 'Northbound Application Traffic Management – Alert Storm Protection' Change Board vote

Network Party members believed that [SECMP0062 'Northbound Application Traffic Management – Alert Storm Protection'](#) was not fit for purpose due to the limited scope and unjustified cost. Change Board members believed further work was needed to the Modification Report to address the issues and concerns raised before a decision is made.

The Change Board **AGREED** to return the Modification Report to the Working Group for further clarification and analysis on the Proposed Solution.

2. SECMP0067 'Service Request Traffic Management' Request for Impact Assessment

The Change Board noted that [SECMP0067 'Service Request Traffic Management'](#) is related to SECMP0062. Given the concerns raised with SECMP0062, members agreed that more holistic analysis of the two proposals is required before a DCC Impact Assessment is requested for this Modification Proposal.

The Change Board **DID NOT AGREE** that a DCC Impact Assessment should be requested for SECMP0067.

Change Status Report – August 2019

The Change Board **NOTED** the Change Status Report.
