1 Introduction

1.1 Purpose

Section L9.6 of the Code sets out the process for the DCC to develop the SMKI Registration Authority Policies and Procedures (SMKI RAPP) as a SMKI SEC Document as defined in Section L 9.4 (a) (v).

The SMKI RAPP sets out the principle obligations and activities undertaken by the DCC in its capacity as the SMKI Registration Authority in accordance with Section L of the Code, and Appendices A, B ~~[and the IKI Certificate Policy]~~and Appendix Q to the Code. The SMKI RAPP also sets out the activities undertaken by the SMKI Registration Authority in support of the procedures set out in the DCCKI RAPP, as set out in Section 2 of this document.

2 SMKI Registration Authority obligations to support DCCKI identity verification

The DCCKI RAPP sets out the procedures by which nominated individuals may become DCCKI Senior Responsible Officers and/or DCCKI Authorised Responsible Officers in order to act on behalf of a Party, RDP or a DCC Service Provider in respect of DCCKI Services and DCCKI Repository Services. The DCCKI RAPP also sets out the activities undertaken by the DCC as DCCKI Registration Authority.

Upon request from the DCCKI Registration Authority to verify the identity of an individual nominated to be a DCCKI SRO or DCCKI ARO, the SMKI Registration Authority shall:

a) arrange a verification meeting with the nominated individual, at a date and time that is mutually agreed;

b) at the verification meeting, verify the individual identity of the nominated individual to Level 3 (Verified) pursuant to the CESG GPG 45 (Identity Proofing and Verification of an Individual), or except to the extent that the DCC otherwise notifies the SMKI Registration Authority, to such equivalent level within a comparable authentication framework as may be agreed by the SMKI PMA for the purposes of verification of individuals to become an SMKI SRO or SMKI ARO;

c) following the verification meeting, notify the nominated individual whether the process to verify their individual identity has been successful; and

d) following the verification meeting, confirm in writing to the DCCKI Registration Authority whether the identity of the individual has been successfully verified.

All other procedural steps required by which nominated individuals may become DCCKI Senior Responsible Officers and/or DCCKI Authorised Responsible Officers in order to act on behalf of a Party, RDP or DCC Service Provider (acting on behalf of the DCC) in respect of DCCKI Services and DCCKI Repository Services are as set out in the DCCKI RAPP.

Provided that the DCC need not repeat these processes in relation to an individual for the purposes of verifying their identity for the purposes of becoming a DCCKI SRO and/or DCCKI ARO where the required verification processes have already been carried out for the purposes of identifying them as being an SMKI SRO and/or SMKI ARO respectively.

The DCC and any Party or RDP may agree that any action taken by either of them prior to the date of the designation of this SMKI RAPP shall, if the equivalent action taken after that date would have satisfied a requirement of this SMKI RAPP for the purposes of appointing a DCCKI ARO or DCCKI SRO, be treated as if it had taken place after that date.

3 SMKI Roles

This SMKI RAPP details the roles of Parties, RDPs, SECCO and DCC in the context of access to SMKI Services and/or SMKI Repository Services as set out in the Code, this SMKI RAPP and the SMKI Interface documents. The SMKI RAPP sets out the procedures by which nominated individuals may become Senior Responsible Officers and/or Authorised Responsible Officers in order to act on behalf of a Party, RDP, SECCo or the DCC (acting in its role as DCC Service Provider) in respect of SMKI Services and SMKI Repository Services.

This SMKI RAPP also details the obligations in respect of the SMKI Registration Authority and the individuals acting on its behalf as SMKI Registration Authority Managers or SMKI Registration Authority Personnel.

From time to time, the SMKI PMA may require documents or information to be lodged in the SMKI Repository. In such instances, it shall submit a request via the DCC Service Desk and provide such documents and/or information to be lodged in the SMKI Repository. The DCC shall lodge documents and/or information provided to the SMKI Repository, as soon as reasonably practicable following receipt.

The DCC and any Party or RDP may agree that any action taken by either of them prior to the date of the designation of this SMKI RAPP shall, if the equivalent action taken after that date would have satisfied a requirement of this SMKI RAPP for the purposes of appointing an ARO or SRO or the Party or RDP becoming an Authorised Subscriber, be treated as if it had taken place after that date.
