16 April 2020

Dear Colleague,

**Smart Metering Implementation Programme: approval of SMETS1 Device Model
Combinations to the Eligible Product Combination List for DCC SMETS1 Services**

On 3 April 2020 the Data Communications Company (DCC) published an EPCL Report providing evidence for the approval of the addition of further Device Model Combinations (DMCs) to the Eligible Product Combination List (EPCL) in relation to DCC SMETS1 Services. DCC's proposed EPCL entries are set out in the **Annex** to this letter. The DMCs in question involve Itron and Elster SMETS1 meters that have already been subject to previous EPCL approval decisions.

In determining whether to approve the addition of the entries to the EPCL, I have sought to gain sufficient confidence that DCC is able to support migration and subsequent operations for these specific DMCs. I have received a range of evidence on these matters including:

- DCC EPCL Report responding to Live Service Criteria outlining the DCC recommendation to approve the addition of these DMCs to the EPCL; and
- Advice from the BEIS Programme team, including confirmation on regulatory readiness and that mitigating actions on residual risks are in place.

On this basis, I see no reason not to proceed and have therefore decided to approve the addition of the DMCs in the Annex to the EPCL, pursuant to clause 3.7 of the Transition and Migration Approach Document.

This approval will enable the migration of these devices into the DCC System and use of SMETS1 Services by DCC Users. This will allow energy suppliers to bring back smart services for relevant customers who have lost them and enable them to be maintained on change of supplier. Thank you to all parties who have engaged with and supported this process. I look forward to receipt of further EPCL recommendations from DCC in due course.

Yours sincerely,

DUNCAN STONE

Deputy Director & Head of Delivery, Smart Metering Implementation Programme
(an official of the Department for Business, Energy & Industrial Strategy authorised
to act on behalf of the Secretary of State)
