Modification Report Consultation responses

About this document

This document contains the full collated responses received to the MP115 Modification Report Consultation.

Summary of responses

Question 1: Do you believe that MP115 should be approved?

Question 1			
Respondent	**Category**	**Response**	**Rationale**
Western Power Distribution	Network Party	Approve	We believe that this modification better facilitates SEC Objective (f) by ensuring the protection of Data and the security of Data and Systems and SEC Objective (g) by ensuring the efficient implementation of the Code.
EDF Energy	Large Supplier	Approve	We agree that MP115 will better facilitate SEC Objective (f) as it will ensure that Parties are provided with the most up-to-date guidance relating to the protection of Data and the security of Data and Systems when operating under the Code.
Npower	Large Supplier	Approve	We agree with the proposer's assessment that this modification will facilitate the SEC General Objectives as set out in the Modification Report.
Scottish Power	Large Supplier	Approve	Without this change, it is likely that misalignments will occur between the SEC and amended best practice.

Question 2: Please provide any further comments you may have

Question 2		
Respondent	**Category**	**Comments**
Western Power Distribution	Network Party	We agree with this modification and the legal text matches the requirements within the Modification, however we just wanted to clarify the titles of the replacement guidance as GPG 43 and GPG 45 both have the same title. In our response we have assumed that GPG 43 and 45 will now be replaced by one Verifying Individual Identity guidance document.
