Actions Outstanding

Outlined below are the actions outstanding from previous meetings and their current status. The Action Reference identifies the meeting number followed by the action number.

Action Reference	Action	Responsibility	Date Raised	Target Completion Date	Update	Status
SECP77/01	SECAS to complete the SoLR Project deliverables, ensuring this includes; investigating the temporary deferment of certificate updates to minimise day one disruption in a SoLR event, and confirmation from MSPs of their ability to support a third party providing an interim service.	SECAS	14 Feb	15 May	An alternative solution has been put forward by the SSC, which will now progress through the standard Modification process.	Propose to close

SECP78/05	SECAS to work with the DCC and Panel Member (ST) to investigate potential ways forward in light of the Authority's rejection of MP079 'Power to withdraw modifications'.	SECAS	13 Mar	19 Jun	SECAS confirmed ex-committee that an agreement was reached to wait until the Authority decision on MP088 is received, when it will be clear how best to proceed. Other stalled Modifications and proposed ways forward were presented at the June Panel meeting.	On hold
SECP81/02	The DCC to ensure that all Panel questions regarding Network Evolution have been answered ex-committee before the DCC presents an update at the July Panel meeting.	DCC	19 Jun	14 Aug	The DCC presented an update on the Network Evolution programme at the July Panel meeting. Subsequent questions raised were addressed during the meeting by the DCC.	Propose to close
SECP82/01	SECAS to consider using more general wording which would apply to a wider range of operational activities in the OPSG Terms of Reference.	SECAS	17 Jul	14 Aug	The Panel's feedback has been fed into the Terms of Reference review project	Propose to close
SECP82/03	Ofgem to confirm with a Panel Member (PF) whether it expects all the Code changes to be ready before the modifications would be determined as a 'complete package of change'. (SECMP0046).	SECAS	17 Jul	14 Aug	Ofgem has confirmed that the Ofgem rep is the same for both the DCUSA and SEC modifications, so there shouldn't be any issue with the timing of the modifications from an Ofgem decision perspective. However, it was noted that Ofgem doesn't own the mod timetables or work programme, so it will also be up to both code admins to work together to ensure a smooth coordination.	Propose to close
SECP75/06	SECAS to provide an update on the benefits realised as a result of the website improvements.	SECAS	13 Dec 2019	14 Aug 2020	SECAS will provide an update at the August Panel meeting.	Open

SECP80/02	SECAS to facilitate further SEC Party webinars in place of the quarterly on-site SEC events.	SECAS	15 May	14 Aug	SECAS is preparing an online events programme to replace in person events due to the COVID-19 situation. SECAS will provide a verbal update at the August meeting.	Open
SECP82/02	SECAS to work with the MP111 Proposer and the SMDA scheme to further develop the options for MP111, prior to the next Working Group.	SECAS	17 Jul	14 Aug	SECAS met with the Proposer and the SMDA on 29 July and discussed options for the way forward. SECAS will now be working to refine and develop these further with input from the SEC Lawyer.	Open
