## Change Board final votes – November 2020

### 1. Purpose

This paper sets out the Modification Proposals being presented to the Change Board for final vote.

### 2. Recommendations

This table lists our recommendations for each Modification Proposal.

Full details of each Modification Proposal can be found in the attached Modification Reports. A document summarising the Modification Report Consultation responses received and our responses to these is also attached, along with the full responses received to the consultation.

Modification Proposal	Update	Recommendations
<a href="#">SECMP0056 'IHD / PPMID Zigbee Attributes Available on the HAN'</a>	<p>We believe the Modification Report needs to be returned to the Working Group to be updated with the additional information gathered since the Modification Report Consultation. This includes:</p> <ul style="list-style-type: none"> <li>• Update on DCC costs;</li> <li>• Information from the Information Commissioner's Office; and</li> <li>• Update on Technical Specification version numbering following the recent changes to Device Level Versioning implemented by BEIS</li> </ul>	<ul style="list-style-type: none"> <li>• <b>AGREE</b> this Modification Proposal should be returned to the Working Group to allow the Modification Report to be updated with new information</li> </ul>
