

## Purpose

This factsheet outlines the background and process for the scheduled elections for the Smart Metering Key Infrastructure Policy Management Authority (SMKI PMA) Elected Members, following vacancies arising from the retirement of Elected Members after their initial 24-month term.

The information outlined in this guide is described in SEC Section C: Governance and further guidance is set out in the SEC Section Guide which can be found on our website.

- [Governance Guidance](#)

## SMKI PMA Composition

### Voting Members

### Additional Members

The Chair may also invite *ad hoc* attendees to meetings to provide expertise and knowledge about particular topics. These attendees will not be voting members of the SMKI PMA.

Before a person may serve on the SMKI PMA, that person shall provide written confirmation to SECCo that:

- They agree to serve on the SMKI PMA in accordance with the SEC; and
- They will be available as reasonably required by the Sub-Committee to attend meetings and undertake work outside of the meetings.

## What is the Election process?

The Scheduled Elections follow the following process:

### Nomination Requirements

Nominees should be of suitable experience and qualifications required to fulfil the duties of the SMKI PMA.

### Voting

A vote will take place for each Party Category if the number of nominations received exceeds the number of seats available.

Each Voting Group within a Party Category is entitled to cast one vote in the election. Each Voting Group will be asked to complete an election voting form once the nomination window has closed.
