## Headlines of the Security Sub-Committee (SSC) 121\_1404

At every meeting, the SSC review the outcome for Users' Security Assessments and set an Assurance status for Initial Full User Security Assessments (FUSAs) or a Compliance status for Verification User Security Assessments (VUSAs) and subsequent FUSAs. The SSC also reviews outstanding actions, monitors the risks to the Commercial Product Assurance (CPA) certification of Devices, considers available updates from the DCC on SMETS1 enrolment and Anomaly Detection and any reported changes in Shared Resource Providers by Users and reported Security Incidents and Vulnerabilities.

The SSC reviewed the following User Security Assessments, the outcomes of which are classified as **RED** and therefore recorded in the Confidential Meeting Minutes:

- Set the Compliance Status for two Full User Security Assessments (FUSAs);
- Set the Compliance Status for one Verification User Security Assessment (VUSA);
- Set the Compliance Status for two Security Self-Assessment (SSAs);
- Approved one Full User Security Assessment Remediation Plan and Director's Letter;
- · Approved one Security Self-Assessment Remediation Plan and Director's Letter; and
- Agreed the outcome for one Verification User Security Assessment (VUSA).

The SSC also discussed the following items:
