Modification Report Consultation responses

Summary of responses

Two responses were received to the Modification Report Consultation.

One respondent advised that as all of the Issue Resolution proposal (IRPs) within MP158 have already been discussed and agreed with the Technical Specification Issue Resolution Subgroup (TSIRS) with meter manufacturers and Suppliers in attendance. Therefore, they should be approved.

The other respondent also approved MP158 and added that it better facilitates SEC Objective (a) as these IRPs resolve issues with the Technical Specifications which are the minimum requirements for Device manufacturers.

Overall, the response to the implementation of this modification was positive with no objections raised in the Modification Report Consultation.
