1. Draft Legal Text

This section sets out the draft Legal Text Changes for SECMP0050. These changes have been drafted against the Smart Energy Code (SEC) version 5.14¹.

Section D 'Modification Process

Amend Section D6.2 as follows:

Establishment of a Working Group

- D6.2 Where this Section D6 applies, the Panel shall establish a group of persons (a **Working Group**) for the purposes set out in Section D6.8. Such Working Groups shall be formed and operate in accordance with terms of reference as agreed by the Panel and published on the Website (the "Working Group Terms of Reference"). The Panel shall consult with Parties before it first establishes the Working Group Terms of Reference, and before it makes any changes to the Working Group Terms of Reference.

¹Note that if a new version of the SEC is designated before the submission of the Final Modification Report to the Change Board or Authority, the drafting will be checked to make sure there are no consequential impacts. Our current understanding is that the specifications that SECMP0050 is amending are not expected to change as part of any forthcoming designations.
